UNLEASHING CREATIVE GENIUS... ONE CHILD AT A TIME

This summer, invest in the skills that will help your child achieve his or her full potential throughout the school year. Nonprofit Invent Now's premier program, Camp Invention, is a weeklong adventure in science creativity. Led by qualified educators, this exciting program is being hosted locally this summer for children **entering grades one through six (currently in grades K through five)**. The Camp Invention program is a unique opportunity for your child to experience hands-on learning through FUN activities that will stay with them for years to come.
